

Bentonite

Breccia, clast-supported

Breccia, matrix-supported

Clay

Clay with organic matter

Clay, sandy

Clay, silty

Conglomerate

Conglomerate, clast-supported

Conglomerate, matrix-supported

Conglomerate, volcaniclastic

Diamicton

Diamicton, volcaniclastic

Diatomite

Gap

Gravel

Gravel, clast-supported

Gravel, matrix-supported

Gravel, sandy

Gravel, sandy and silty

Gravel, silty

Gravel, volcaniclastic

Mud, aragonitic

Mud, biosiliceous

Mud, calcareous

Mud, calcareous sandy

Mud, calcareous silty

Mud, calcareous, with organic matter

Mud, dolomitic

Mud, gypsiferous

Ooze, biosiliceous

Ooze, calcareous

Ooze, diatomaceous

Ooze, diatomaceous, silty

Ooze, diatomaceous, with organic matter

Peat

Salt

Sand

Sand, calcareous

Sand, clayey

Sand, glauconitic

Sand, gravelly

Sand, silty

Sand, silty, with organic matter

Sand, volcaniclastic

Sapropel

Sapropel with carbonate

Sapropel, silty

Silt

Silt with organic matter

Silt, calcareous

Silt, calcareous, with organic matter

Silt, clayey

Silt, diatomaceous

Silt, glauconitic

Silt, sandy

Silt, volcaniclastic

Silt, sideritic

Tephra

Tephra, andesitic

Tephra, basaltic

Tephra, rhyolitic
